## LIVESTOCK EXHIBITOR CODE OF CONDUCT

- The Lindsay Exhibition is committed to responsible animal care and treatment. This Code of Conduct outlines what is expected of livestock exhibitors in the handling and exhibiting of all animals involved with the LEX.
- This Code has been developed to meet the following objectives:
- To ensure the health and well being of all animals at the fair.
- To demonstrate an accurate and responsible animal care message to the public.
- To maintain the integrity of all livestock competitions, displays, and sales.
- Livestock and poultry must be transported to and from the LEX in accordance with all humane transport regulations and standards.
- Loading and unloading must be undertaken using proper equipment and procedures.
- All animals must be treated and handled in a responsible manner. The well being of the animals shall take precedence over the demands of owners, sellers, buyers, organizers, sponsors, and officials.
- The care of all animals must be as consistent as possible with their normal schedules and standards. High standards of nutrition, health, sanitation, environment and safety must be met at all times. All handling, housing and veterinary treatment must ensure adequate animal care.
- Livestock should be prepared with proper training, fitting and grooming prior to the LEX. Excessive disciplining of animals at the LEX is unacceptable.
- Exhibitors are expected to provide adequate training for anyone handling their livestock. Untrained individuals, including LEX personnel and visitors, should not be permitted to handle animals or equipment.
- Exhibitors should take every opportunity to enhance public awareness, education and appreciation of proper livestock management and handling practices.

There will be no tolerance for any mistreatment of animals. Any unacceptable exhibitor conduct will be subject to action including possible elimination from the competition(s) and/or exhibit, at the discretion of the Board of Directors of the Lindsay Agricultural Society.

---

## CONCUSSION CODE OF CONDUCT

### **I will help prevent concussions by:**

- wearing the proper equipment for my activity and wearing it correctly;
- developing my skills and strength so that I can participate to the best of my ability;
- respecting the rules of my activity; and,
- demonstrating my commitment to fair play and respect for all (including other Participants, LAS staff, volunteers, coaches, and officials).

### **I will care for my health and safety by taking concussions seriously, and I understand that:**

- a concussion is a brain injury that can have both short-term and long-term effects;
- a blow to my head, face, or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion;
- I don't need to lose consciousness to have had a concussion;
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when an individual suspects that another individual may have sustained a concussion (meaning: If I think I might have a concussion I should stop participating in further training, practice or competition **immediately**, and I will tell an adult if I think another Participant has a concussion); and,
- continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

### **I will not hide concussion symptoms. I will speak up for myself and others.**

- I will not hide my symptoms. I will tell an LAS staff person, volunteer, official, parent, or another adult I trust if I experience **any** symptoms of concussion;
- If someone else tells me about concussion symptoms or I see signs they might have a concussion, I will tell a LAS staff person, volunteer, official, parent, or another adult I trust so they can help;
- I understand that if I have a Suspected Concussion, I will be removed from activity and not be able to return to participating, training, practice, or competition until I undergo a medical assessment by on-site medical personnel, medical doctor or nurse practitioner and have been medically cleared to return to training, practice, or competition; and,
- I have a commitment to sharing any pertinent information regarding incidents of removal from activity with my school and any other activity organization with which I have registered (meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches, teachers, and employees know about my injury will help them support me while I recover).

### **I will take the time I need to recover, because it is important for my health.**

- I understand my commitment to supporting the Concussion Protocol process and I will follow the LAS Protocol in returning to participate;
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to the activity; and,
- I will respect LAS staff, volunteers, coaches, parents, health-care professionals, medical doctors, and nurse practitioners regarding my health and safety.

*For many years Keith & Joyce Hobden were major exhibitors of a Belgian Six Horse Hitch throughout Ontario working alongside their daughters Beth and Gail. The Hobden family moved to Lindsay from Brooklin Ontario in 1969 and soon established the Kawartha Livestock Exchange, a livestock sale barn that would quickly become a major player in the Ontario livestock industry.*
